தேசமே நமக் கெல்லாம் கொடுக்குது! நாமும் சிறிது கொடுக்கப் பழகணும்!

(THE NATION IS GIVING US EVERYTHING, WE TOO GET USED TO GIVING A LITTLE!)

Vivekananda Educational Trust is a registered (in the year 1991), non-profit service organisation for Man-making education as propounded by Swami Vivekananda.

The Trust is a sister organisation of the Vivekananda Educational Society founded in the year 1972 which is running a chain of several schools in the city of Chennai and its suburbs catering to more than 25,000 students following the CBSE Syllabus.

Intrinsic Learning Threshold

Both the Society and the Trust are having the roots from the Vivekananda Rock Memorial Vivekananda Kendra, Kanyakumari.

The units of Trust are located at Thiruninravur, Minjur, Periasekkadu-MMC, Mudichur, Vallur, Manali and Zamin Endathur

The Trust has implemented seven Vidyalayas – “Vidyalayas for unfolding of divinity within” – nurturing Bharathiya culture, values, tradition and ideals, assimilating nationalistic fervor, a pride that we belong to this nation of immense, enriched legacy of VISHWA GURU - in the 6000 young minds through 340 dedicated Vidya Sevaks, reaching the rural, downtrodden and first-generation learners with the focus towards -

பாரத மண்ணில் பிறந்தது பேறு என்றே உணர்ந்திடுவோம், பாரதத் தாயின் பழமை பெருமை இன்றே உணர்ந்திடுவோம் and regain our supremacy as VISHWA GURU - உலகின் குருவாய் பாரதம் ஆகிட, உன்னத சக்தி வளர்ப்போம் நாம், லட்சிய நாடாய் பாரதம் ஆகிட தீவிர பக்தி வளர்ப்போம் நாம்.

We feel immensely delighted to present this pivotal occasion - the inauguration of Smt. Rukmani Lakshmanan Vivekananda Institute of Skill Development on 25th September 2019, the 8th unit of Vivekananda Educational Trust, at Thiruperumananglam, a village near Vaitheeswaran Koil, Sirkazhi Taluk, Nagapattinam District.

EXCITING SENSORIAL LEARNING

- Early Childhood Care and Education makes a positive contribution to child's long term development and learning by facilitating an enabling and a stimulating environment.
- In this stage, learning is based on the insights and observations of the learners.

REINFORCEMENT OF FINE MOTOR SKILLS

- Tearing paper is an amazing fine motor activity for kids.
- Tearing paper requires strength and endurance of the small muscles in the hand.
- These intrinsic muscles are important in so many fine motor skills including handwriting and colouring, managing buttons and zippers, manipulating pegs and more.
- When paper is torn the hands assume a great tripod grasp which is effective and a mature grasp for writing and colouring.
- The non-dominant hand is assisting in the tearing and encourages appropriate assistance for tasks like holding the paper while writing and managing paper while cutting with scissors.

THE NATURE IS A GIANT, OPEN-ENDED LEARNING LABORATORY.

- Children are innate scientists and love to experience the sight, scents, sound and textures of the outdoors.
- Nature provides countless opportunities for discovery, creativity and problem solving.
- Children think, question and make hypotheses.
- Children are free to explore, move about and make noise and manifest all delightful forms of self-expression that are often restricted indoor.
- Nature enhances a sense of peace and often brings out nurturing qualities in children
- They collaborate to make up games and rules.
- On exposure to sunlight children absorb vitamin D which has many positive health benefits.
- Raising our children to be earths stewards.

OUR TRADITIONAL GAMES A REPOSITORY OF LIFESKILLS

Traditional games are the actual gift of our ancestors. These games are chart-topping activities. It has been mapped in such a way that one can improve physically and intellectually. Improve Hand and Eye co-ordination. Exhibiting intrinsic motivation and persistence. Suitable for all Ages. Developing cooperative skills. Acquiring flexibility and empathy towards others. Understanding rules and structures.

AN EXPERIENCE BEYOND THE FOUR WALLS

- Field trips will help reinforce classroom materials, bringing lessons to life.
- Going on field trips offer students a unique cultural learning experience. It allows students to be involved in new environments, key to encouraging curiosity about a given subject.
- The multisensory learning experience can bring one dimensional lesson to life and create enthusiasm for a subject that is hard to replicate through other media.

**GRADUATION IS A PROCESS THAT GOES ON UNTIL THE LAST DAY OF YOUR LIFE.
IF YOU CAN GRASP THAT, YOU'LL MAKE A DIFFERENCE**

. A proud & exciting moment

. It's a big change for Little Kids as the emphasis shifts from Play-based learning to abstract concepts.

MENTORING METAMORPHOSIS

- Enrichment programmes for professional development.
- Upskilling the process of blending pedagogy and digital diligence.

Prabodhan

- the unique programme for the students in the age of opportunities

VALUE BASED SPIRITUAL EDUCATION - THE PANACEA TO WELLNESS

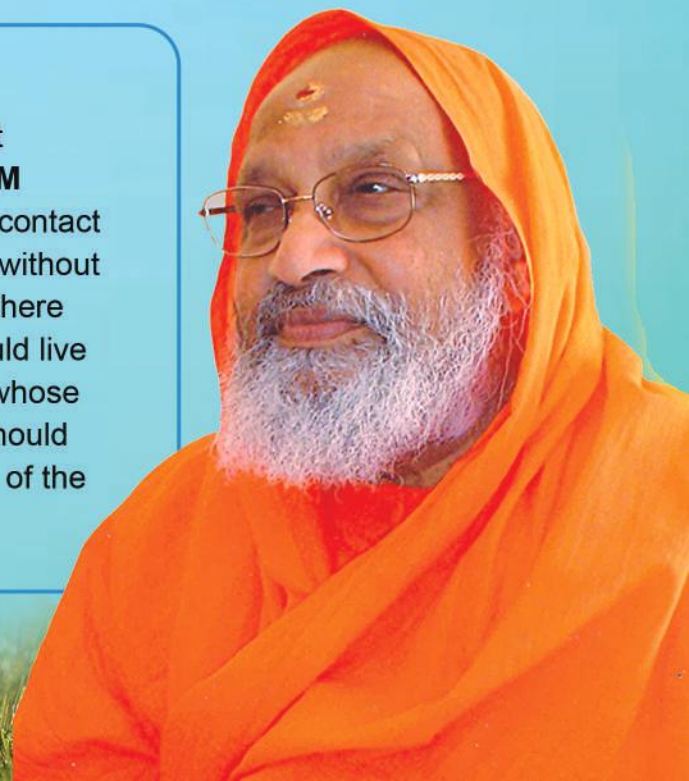

Swami Dayananda Saraswati is a contemporary teacher of Vedanda and a scholar in Sanskrit in the tradition of Sankara. His deep scholarship and assimilation of contemporary problems makes him that rare teacher who can reach both traditional and modern students. Our Value based Spiritual Education sessions are transacted by seasoned mentors who are realized souls honed by the disciples of Swami Dayananda Saraswati.

Our Motto

The Teacher and the taught
SANDEEPANI GURUKULAM

"My idea of Education is personal contact with the teacher - Gurugrihavasā; without the personal life of the teacher there would be no education. One should live from his very boyhood with one whose character is a blazing fire and should have before him a living example of the highest teaching."

- Kindles Exploration
- Nurtures Problem Solving Ability
- Designs Creative Activities

SCIENCE LABORATORY IS A CAVERN OF WONDERS

Learners get a first hand learning experience by performing various experiments on their own. When the learners observe various things and carry out different experiments their reasoning skills are honed and they start thinking deeply on those theories and concepts.

Faculty of human excellence

**IF YOU CAN IMAGINE IT,
YOU CAN ACHIEVE IT,
IF YOU CAN DREAM IT,
YOU CAN BECOME IT.**

- Our Mentor spend time with each parent individually in an effort to know the child. Every little detail learnt from the parent is preserved for the whole academic session.
- Every month, the Mentor adds her observations and records anecdotes that shape the child. These anecdotes are shared with parents every quarter so that the parents and Mentors work as a team and guide the child in the right direction.
- At the beginning of the next academic session, the previous class Mentor sits with new class Mentor and shares the child's progress and personality with her.
- This helps the new grade Mentor gain a prior understanding of each pupil's attributes. This productive process continues till they step out of their school life.

ART SPEAKS WHERE WORDS ARE UNABLE TO EXPLAIN

- The Visual arts push kids creativity and out of the box thinking skills to the next level.
- The arts don't just develop a child's creativity but also develop their social and emotional skills. The skills they learn often spill over into their academic achievement.
- Materials that turn into visual stories is magical and it helps students feel more confident. As they improve and see their own progress, their self confidence continues to grow.

A precursor to skilled India, to empower rural women
through skill training, benefitting the rural women in the villages

(A unit of Vivekananda Educational Trust (Regd.))

This project is of immense significance and nationalistic ideals. The focus is on
giving back to the society through selfless service, build society and nation,
build a strong character and generate empathy for others.

Our duty is to encourage every one in his struggle to live up to his own highest idea, and strive at the same time to make the ideal as near as possible to the Truth.
