EXCITING SENSORIAL LEARNING

- Early childhood care and Education makes a positive contribution to child's long term development and learning by facilitating and enabling and stimulating environment.
- In this stage learning is based on the insights and observations of learners.

THE NATURAL WORLD IS A GIANT, OPEN-ENDED LEARNING LABORATORY.

- Children are innate scientists and love to experience the sights, scents, sound and textures of the outdoors.
- Nature provides countless opportunities for discovery creativity and problem solving.
- Children think question and make hypotheses.
- Children are free to explore, move about and make noise all delightful forms of self-expression that are often restricted indoor.
- Nature enhances a sense of peace and often brings out nurturing qualities in children
- They collaborate to make games and rules.
- Expose to sunlight children absorb vitamin D which has many positive benefits.
- Our children are future stewards of the earth.

SISUVATIKA

Wider opportunity to learn.

Team work attitude

A shishu(child) is first like the seed of the man.

As all opportunities of the development of a tree lies in its seed,
as per Bharateeya thought,a shishu is the purest form of the
Bramha.

Element of child Development

1. Love and security
2. Joy
3. Naturality
4. Freedom
5. Aesthetic/sense

- 1.The child learns on its own and cannot be taught anything.
- 2.we need to provide them an environment where they can learn by doing things themselves.
- 3.Children learn by Imitating others.

Health isn't about being "perfect"

With food and exercise or Herbs.

Health is about Balancing those things with your desires. Its about nourishing your spirit as well as your Body.

- A well equipped health ward to meet the daily requirement of the children.
- During the lunch and break time, students are observed and rewarded by the Health Educator for the intake of healthy food and snacks.
- Periodic dental and eye check is conducted in our vidyalaya.

ARTIFICIAL INTELLIGENCE IS DESTROYING THE TRADITIONAL WORLD OF WORK.

- . Traditional games are the actual gift of our ancestors.
- . Traditional games are chart-topping activities.
- . It has been mapped in such a way that one can improve himself physically and Intellectually.
- . Improve Hand and Eye co-ordination.
- . Exhibiting intrinsic Motivation and persistence.
- . Suitable for all Ages.
- . Developing cooperative skills.
- . Acquiring flexibility and empathy towards others.
- . Understanding Rules and Structures.

**FINE MOTOR SKILLS HAVE A SIGNIFICANT IMPACT ON LATER MATH,
READING, AND SCIENCE ACHIEVEMENT.**

.Tearing Paper is an amazing fine motor activity for Kids.

. Tearing paper requires strength and endurance of the small muscles in the hand.

.When paper is torn the hands assume a great tripod grasp which is effective and a mature grasp for writing and colouring.

AN EXPERIENCE BEYOND THE FOUR WALLS

- Field trips will help reinforce classroom materials, bringing lessons to life.
- Going on field trips offers students a unique cultural learning experience. It allows students to be involved in new environments, key to encouraging curiosity about a given subject.
- The multisensory learning experience can bring one dimensional lessons to life and create enthusiasm for a subject that is hard to replicate through other media.

Mathematics is the most beautiful and most powerful creation of the human spirit.

- Math Lab helps the students to build interest and confidence in learning the subjects.
- Opportunity to exhibit the relatedness of mathematical concepts with everyday life.
- It enables the mentor to demonstrate, explain and reinforce abstract mathematical ideas by using concrete objects, models, charts, graphs, pictures etc.

EFFECTIVE TEACHING AND LEARNING OF SCIENCE INVOLVES A PERPETUAL STATE OF SHOW AND TELL

They get a first hand learning experience by performing various experiments on their own.

It is also found that science lab equipment and supplies make teaching and learning easy both for the teachers as well as for the students.

When they observe various things and carry out different experiments their reasoning skills are honed and they start thinking deeply on those theories and concepts.

ICT Lab enhance the Scientific and technological research and invention capacity of students.

Reinforcement of Skill and Values brush up higher order thinking Skills. Improves digital literacy.

SAFETY AND TIMELY TRANSPORT

The School has organised transport facility for the ease of students.

The service covers major areas of the city but doesn't promise to cover every point, or pick up children right from their homes. The school has set the pick up points for students from where the students will be picked up and dropped back.

HPE

1. Skill and motor skill development
2. Experience in getting goals
3. Improved academics
4. Boosts self esteem
5. Promotes psychological well-being.

**Physical Education Cards

teaching at the PEC Cards**

**PEC Cards are effective tools
for Strengthening the transaction
of Physical education with other
subjects in the school curriculum.**

- 1) Demonstrate the wider benefits that Physical Education card have on the whole child education outcomes.**
- 2) To introduce new teaching approaches & activities for Primary age group.**
- 3) To provide a new range of education resources for Physical Education.**
- 4) Focused Particularly on agility, balance, co-ordination speed and Strength.**

**THINGS WORK OUT BEST FOR THOSE WHO
MAKE THE BEST OF HOW THINGS WORK OUT.**

- **Develops students ability to identify and distinguish between critical and extraneous factors.**

**Digital Library are
more Fragile than
printed materials**

- *Digital Libraries offers
greater opportunity for
users to deposit information.*
- *Students enjoy audio
and visual books too.*

All our classrooms are equipped with interactive whiteboard to promote quality education. Students enjoy an interactive smart board lesson, because the subject would come alive and bring reality into the classroom.

Tactile learners can learn by touching the board.

Dance is the Joy of Movement and the Heart of Life

Dance allows Students to Discover, explore and develop their natural instincts for movement, enabling them to develop not only their motor skills but also their mental and emotional personalities.

MUSIC

Music washes away from the Soul the dust of everyday life

- one of the most influential tools for conveying feelings is music.

-Research indicates that musical training permanently wires a young mind for enhanced performance.

**Master your Breathe,
let the Self be in
blies, contemplate
on the sublime
within you.**

- Improves memory and attention span
- Boosts immunity and improves physical appearance.
- Improves Self Control.
- Teaches correct breathing Techniques.

ART IS SOMETHING THAT MAKES YOU BREATHE WITH A DIFFERENT KIND OF HAPPINESS.

Visual Arts helps children to represent their thoughts and skills.

Visual art education helps students in analysis, judgement skills and improves their own art form.

Materials that turn into visual stories is magical and it helps students feel more confident. As they improve and see their own progress, their self confidence continues to grow.
